I understand that current **Wellness Exams, Distemper, and Rabies** vaccines are required for all pets, as well as **Parvo, Bordetella (6 months), Flu Vaccine (H3N2), and a Fecal Flotation** for dogs before admission to the hospital. Pets not current on vaccines/testing will be updated as long as it is deemed safe and advisable by a veterinarian. I know that I am responsible for associated costs.

I certify that to the best of my knowledge my pet is free of all external parasites upon signing this release. If parasites, such as fleas or ticks, are found, I understand that my animal will be treated on admission for an additional cost.
